Dear Harold,

Here is the memo you asked me to send you. (Slawson to Willens, 9/22; my #504.2.) I checked the material cited in paragraph 1; I don't think what Slawson actually did is as bad as the impression created by his use of the word "fudged."

I'm sorry I ~~was~~ wasn't able to send this ~~sooner~~ earlier; I've been absolutely swamped since I got back. It was a very busy and, I hope, productive visit.

I'm glad I got to talk with you.

With best regards,

Paul
